Individual, filing for a complaint against DEFENDANTS or "Enterprise", allege as follows:**

NATURE OF THE ACTION

**This is a 42 U.S. Code § 1983 federal civil rights case under the First and Fourth
Amendments of the United States Constitution as applied to the States under the United States**

6/1/21

Constitution's Fourteenth Amendment for the Defendants' individual and collective personal, malicious, and unlawful violations under color of state law of Plaintiffs' individual and collective constitutional rights to free speech and protection against unreasonable search of Plaintiff's bodies as well as state tort claims for civil conspiracy. See Gilberti vs CDC, et al, hidden by Tampa Central Command, Florida Southern command, The Pentagon, CDC, FEMA, all News Media, Israel Chemical LTD/Mosaic Phosphate of Florida hiding Global Water & Medicine Resources with EPA and Federal Reserve Board/Central Banks. This Resource has reading never seen on Earth that affects Medicine and National Defense.

This image has been on the \$20 bill since 2013 and is part of the same Smith-Munroe Modification pattern used to subdue Engineer Gilberti with various Terrorist attacks shown in this complaint and multiple filed related cases throughout Florida and Washington DC.

Defendants are working with U.S. Federal Reserve, EPA, FEMA, CDC, WHO, Hollywood Producers, Israel Mosaic Phosphate, corrupt Judges, Court clerks, law-firms, Florida leaders, EPA and foreign Terrorist to subdue Plaintiff who found a hidden underground Natural resource in Medicine, Energy and Water Supply production and National Defense. Defendants are working in a Racketeering Enterprise with Leaders, agencies and Land Developers to destroy water supply and Americans with higher rates of Cancers, Viruses and Diseases as well as destroying the Environment, Fish & Wildlife, Tourism, Jobs and Macroeconomic growth in Florida, America and abroad. This unique property has Geological indicators that show America how to find more in days and create millions of Jobs, new medicine and economic sustainability.

Below is a diagram of major concerns by thousands of citizens who asked Plaintiff to be the West Florida expert at Desoto County against this Enterprise and Mosaic Phosphate and Plaintiff was approved for said expert to protect millions of Floridian and Americans from this Enterprise.

Defendants committed these unlawful violations of Plaintiff's constitutional and state rights under color of state law in bad faith and with malicious purpose in reckless, wanton, and willful disregard of Plaintiff's human, safety, and property rights.

A Judiciary without honesty has little chance of executing its moral and constitutional duties, no matter how many rules of ethics exist. This is especially true in America, where the judiciary is afforded wide discretion. Every decision left up to the discretion of a judge—is a potential opportunity for corruption. Today, oil, gas, minerals, drinking water and natural resources and their entitlements are often decided by judges making decisions without the ability to understand the long term engineering and infrastructure affects of hiding massive drinking water resources of the health quality. The Judges are often influenced by local Corporations, Law-firms and bribes if the stakes are so economically high in the region, no salary could

compare to the monetary corrupt bribes or offers.

Figure 1 – Israel Chemical LTD/Mosaic destroy massive surface rivers used for Raw Drinking Water Resources, Economy, Fish & Wildlife at West Florida Rivers with Phosphate mining with Defendants and Agencies in Racketeering Enterprise to fill Cancer Centers with Treated Water vs Gilberti Endless Alkaline spring water.

The case involves the Defendants in a massive Enterprise which consist of Judicial courts, Judges, State attorneys, public defenders, Police officers, Utility directors, water and health agencies, hard money loan sharks, local law-firms and developers who have teamed up

against THE ENGINEER to steal a hidden underground resource which more valuable than Gold, in an effort to hide it and its knowledge to find more like it from THE AMERICAN PEOPLE; and keep cancer and diseases rising in the region from Water supply being treated from polluted rivers and corporate dumping at the Taps.

By this suit, Plaintiff seeks federal district court review of the federal and Florida constitutionality of Defendants' actions for both on their face and as applied, which:

- (i) Deny an impartial tribunal;
- (ii) Violate United States Code, Title 4 §§101 and 102;
- (iii) Violate Florida Statute §876.05(1)
- (IV) **CRIMES OF GENOCIDE/EUGENICS**
General Assembly resolution 260 A(III) of 9 December 1948 Entry into force: 12 January 1951, in accordance with article XIII

Having considered the declaration made by the General Assembly of the United Nations in its resolution 96 (I) dated 11 December 1946 that genocide is a crime under international law, contrary to the spirit and aims of the United Nations and condemned by the civilized world, Recognizing that at all periods of history genocide has inflicted great losses on humanity, and being convinced that, in order to liberate mankind from such an odious scourge, international co-operation is required, Hereby agree as hereinafter provided:

Article I

The Contracting Parties confirm that genocide, whether committed in time of peace or in time of war, is a crime under international law which they undertake to prevent and to punish.

Article II

In the present Convention, genocide means any of the following acts committed with intent to destroy, in whole or in part, a national, ethnical, racial or religious group, as such:

- (a) Killing members of the group;
- (b) Causing serious bodily or mental harm to members of the group;
- (c) Deliberately inflicting on the group conditions of life calculated to bring about its physical destruction in whole or in part;
- (d) Imposing measures intended to prevent births within the group;
- (e) Forcibly transferring children of the group to another group.

Article III

The following acts shall be punishable:

- (a) Genocide;
- (b) Conspiracy to commit genocide;
- (c) Direct and public incitement to commit genocide;
- (d) Attempt to commit genocide;
- (e) Complicity in genocide.

THE ENGINEER brings this action against DEFENDANTS for a Violation of RICO, 18 U.S.C. § 1961-1968, et seq (a), (b), (c) and (d). THE ENGINEER seeks damages from DEFENDANTS who are working in a massive Enterprise tied to water supply eugenics across Florida, USA and the World with the World Health Organization in MOU agreements with the Environmental Protection Agency, FDEP in Tallahassee at the Florida Marjorie Stoneman Douglas State Revolving Fund, 2001-2010 Florida Forever Trust Funds, ESLAPP in Sarasota Florida, Global Cooperative Agreements of combined Environmental and Global Healthcare sustainability crimes by essentially hiding and/or stealing secret underground critical National Defense Resources of "Blue Gold" or ready to drink Alkaline Spring Water from Earth not Manmade.

The Defendants with other Racketeering Enterprises are manipulating the Department of Education and Courtroom Judges, Police, Fire and University personal and systems to subdue

Appellant timed with civil cases, permitting, investment proposals to hide critical a unique drinking water and resource 2000ft below the plaintiff's Sarasota land, verified by third party consultants.

This unique resource was hidden 50yrs by NASA and EPA, to stall new energy production resources and new science to depopulate Humanity, increase costs, pollutions, and attack THE ENGINEER from exposing the knowledge and resource to THE PEOPLE of the United States of American and Florida; preventing his ability to Due process in courtrooms, taking his 1st, 2nd, 4th, 5th, 6th, 8th and 14th Constitutional Amendments with multiple Judges in multiple jurisdictions working together to hide the US Resource for foreign corps like Israel Chemical LTD, Mosaic Phosphate and more; retroactive with the unique resource discovery. A full blown attack on the Engineer, his clients, his family, children, bank accounts, reputation and business has been taking place continuously from 2011 to present time, with fake AR-15 emails created by the Tampa State Attorney office and ex-public defenders. .

Defendants are attacking a National Security resource and future Blue Gold pipeline project that produces millions in profits per day. While damaging millions of US Citizens with lower level of service water supply from poor raw drinking water resources that are heavily treated with chemicals vs. natural endless alkaline spring water; causing higher Cancer Rates at the home and business taps, bottling plants, parks, schools, and more. While increasing the possibilities of Viruses like Zika and Coronavirus, hiding answers to Vaccines, medicine solutions, energy solutions, and new technologies by hiding secret underground critical US Resources such as this resource with never seen endless new Water mixtures that are unique to Human health.

1. **TERRORISM** with US Supreme Court Justices, Obama, Biden with a network of US courts and Judges working with Tampa to Miami Judges, Engineering Firms working for Municipalities and the EPA to hide this Resource that can be verified in hours with Timed Terrorism! While hiding all cases and preventing all discovery!

25. Below is an rough indicator of the unbelievable corruption that took place in front of everyone while they watched in fear just like the masks for the FAKE CORONVIRUS PANDEMIC by the same group and more.

2011 year

June - hired Greenberg Traurig through help of Scott Freyre who was going to help us get funding from hard money note that was stealing the land for pennies with Foley Lardner attorneys who are head of Florida Water forum

August - fired Greenberg due to friends 72partners taking note 12 days into litigation and the fact they are Israel Mosaic Phosphates chief council doing Political mining compacts with Gov Scott and west Florida counties from Sierra vs ACOE litigation for phosphate mines from Tampa to Lee County. Sarasota never signed due to Lee county for 57million as I have the only mining permit in phosphate district in Sarasota with deep well. two essentials for fertilizer plant. Mosaic is largest phosphate and potash corp. in world controlling farming with Monsanto and all food production in World.

2012 year

April - Found water at deep well and sent plan showing spring water to Peace River WTP and RV Griffin reservoir to all leaders in mass email. Ross Morton of SWFWMD ombudsman responded 52minutes later to block staff contact.

July 4th Holiday - Arrested for cyberstalking or really 1st amendment rights for whistleblowing water resource with plans next to a 5county polluted Peace River Manasota water plant in Desoto county pumping to Sarasota, Charlotte, Manatee, Desoto and now Lee. Victims were three Greenberg Traurig Lawyers, Dave Weinstein, Vin Marchetti and Don Crawford. Vin was friends with Scott Freyre and used to work for Foley Lardner. Dave Weinstein is chief council for Mosaic for decades! Major conflict against USA under attack by foreign corporations with Nestle and more.

August - submitted \$10,300 application and fee to FDEP in Sarasota and Ft Myers for Pipeline and filtration to bring millions Alkaline Mineral spring water to region. still didn't realize about the real value and uniqueness of underground RIVER and meteor stuff.

Presented to Peace River on Aug 1st on aquifer with spring water to four county commission. Public record.

December - Florida pass HB1099 new cyberstalking laws to felony issues while Greenberg changes windows to bullet proof with Board of Engineers to make me look like a terrorist

2013 year

March 27 presented to City of North Port in Sarasota with kids on spring water to taps in six months construction as they get is first as they are six miles away. sent plans to Sarasota and Venice churches and all hospitals.

April 3rd - Jim Murray of Amps Well Maintenance comes to site and says emails being deleted off his computer in front of his eyes within seconds of sending email of water readings and story. He said cleanest water on earth ever seen over 3 of world after drilling Oil 50yrs. says we are next to a tilted platform from Yucatan meteor impact

April 15 - I wrote hypothesis, emailed FDEP in Leon County Tallahassee FDLE Torch run with mass email at 10:54 am and Boston Bomb blows 5hrs later and my \$500 bond for a misdemeanor with Greenberg Lawyers skyrockets to \$300,000 and surrounded by secret service and helicopters at Hillsborough County government building with Secret Service flying all over the building with a huge ACT by Cops, Judges and Hillsborough County staff, leaders and Pam Bondi.

2014 to 2020 years

Detailed in Vault of timed Terrorism with FDEP funding on Parkland shooting, Cousin Cory Gilberti setup by Broward Cops and State Attorney with actual AR-15 shooting of entire building to attack my family. Then he gets PTI and dropped charges, hidden by the news within months of Parkland shooting, while THE ENGINEER is attacked with FABRICATED AR-15 EMAILS by the Hillsborough State Attorneys Mark Ober, Pam Bondi, Ashley Moody and Andrew Warren. Forced to take a Guilty plea just to save the land control to get the permitting after being kidnapped for the 23 time by Tampa and Lee County corrupt Judges, Cops and more

THE ENGINEERS children were attacked by School teachers and chocked to scare his family away and create local dissention and fear with Cops and corrupt Florida leaders and civil servants.

Yet not one Leader, Engineer or person will dare test this water and its capacity that now has a 9-mile transmission FDEP Permit finalizing with Jon Iglehart the Director in Fort Myers, who is a witness with many others of this US TREASON by hundreds of Leaders, Judges, Cops, Media groups, Large developers, Bottling Corps, Big Pharma groups, General Electric, Dow Chemical, Mosaic Phosphate, Monsanto seed, Hospital Boards and Lawyers.

Why is this Mask on the \$20bill for the past 17yrs hidden at the 2020 RNC and DNC by all Leaders, Federal Reserve and Media just like this World Resource and knowledge?

1. A large \$500 million reservoir (RV Griffin) was installed and a 20mile 42-inch Water main by Southwest Florida Water Management (SWFWMD), Peace River Manasota Water Supply Authority (PRMWA) stole 50 states of Grant money by to hide a secret underground Alkaline River tied to an Ocean under Joe Gilberti's land and Cecil Daughtrey lands with unlimited Cancer slowing ready to drink Spring Water after

Hurricane Charlie. Southwest Florida Water Management and Sarasota county gave Florida Forever Trust funds to Longino, Carlton and Walton Ranches along the this improvement who also have known of this secret underground River as these families have grown up for generations together and the Well accessing the Secret isolated river was dug in 1969 and had a WUP with SWFWMD for since 2001. These SWFWMD Reservoirs like RV Griffin are essentially high maintenance ZIKA PONDS that we have permit plans showing to convert these potential Water supply terror attacks to a Power plant with our endless underground spring water resource, engineering plans and connection. This Reservoir extorted American Tax money for Power corps in the area like FPL, Duke Energy and PRECO while creating cancer clusters, death of Americans at the Tap to millions and a potential and above sky terror attack from Pesticide Planes at the Reservoir hidden in a Swamp of Trees where low flying plains and drones cannot be detected. See FEMA Stafford Act 6.11.

2. A simple Water health scan and pump report can verify this World Drinking Water resource in a few hours which eliminates billions of Tax dollars being wasted by SWFWMD, West Florida County commissioners, Peace river Manasota and Florida Forever Trust funds building these Poor Water Supply systems from Poor Water supply resources pursuant to FDEP 62-555 (310)
3. All plans and regional permit petitions have been ready for approval and obtained by FDEP director Jon Iglehart in Fort Myers Florida. Application fees of \$10,300 cleared by FDEP in November 2013 with Brian Dietz P.E.; these permits were transferred to FDEP Fort Myers Florida December 31, 2013. Resubmitted was done again after hurricane Irma where FPL, Duke, and all Florida leaders, SWFWMD, and EPA purposely hid the resource with the Trustee and his firms to put Americans at risk.
4. Engineer Gilberti is in litigation with a group called 72 Partners LLC in Sarasota County which includes five men named, Thomas Howze, Lee Pallardy, Kenny Harrison, Laurence Hall and Spenser Hall. Kenny Harrison owns Harrison Cattle LLC which leases land from SWFWMD at the RV Griffin Parcel where the RV Griffin Reservoir was built to steal \$500million from 50 States after Hurricane Charlie and hide this Resource to serve it to Mosaic Phosphate who is destroying Aquifers with the help of these groups included in this Lawsuit. This is a Racketeering operation to sell medicine as when taking a shower a liter soaks into the body hence driving home values down and cancer rates and water bill up in the region using POOR Raw Water resources.
5. The Supreme Court has been filed by Cecil Daughtrey on a barrage of Terrorism acts timed with Tampa District 12, Lee county District 20 as well as Sarasota District 12 lawsuits and kidnapping of engineer Gilberti with falsified police reports by Mosaic Phosphate chief council who was fired on our Property due to Mining compact conflicts on our land holding a SWFWMD mining permit from 2009 with phosphate in the dirt in the Mosaic Phosphate District of Sarasota county.
6. This resource under our land hidden by the SWFWMD, Peace River and West Coast engineers, leaders and Media shows underground formations and knowledge that millions more exist across the Earth, to help other US States and other nations.

7. **Israel Mosaic Phosphate next to our land Nestle, Coke, Pepsi, Disney and all hospitals hid this U.S. resource to the tap with Tampa to Ft Myers Agencies, Engineers, EPA for 40 years to sell medicine and kill people with cancer, diseases, and a low level of service (LOS) in drinking rain water resources. The well was dug in 1969.**
8. **See FDEP Revolving fund to Marjorie Stoneman Douglas Building in Tallahassee 1-28-2018 then suddenly a Parkland Marjorie Stoneman Douglas High School shooting or terror attack 17 days later with 17 shot and 17 wounded and our engineer was kidnapped by Tampa District 13 again to stall our permitting and investment groups or run them off?**
9. **A class action and RICO is at hand on hiding Critical US Drinking water supply resources and medicine tied to a massive Medicaid fraud operation by leaders, developers and Hospital foundations in Florida. This needs to be forwarded by all parties to Washington State Attorneys office to investigate the aforementioned immediately and put on US media to find more issues of agencies, their lawyers and engineers purposely hiding Raw Alkaline spring water resources that never end in flow and capacity.**
10. **President Trump, Congress and Media must take action on these critical issues and this unique resource hidden by Hospitals stealing Medicaid from Lower level of Service Water Supply, Colleges and Universities, Agencies, Department of Justice, EPA, NASA and US media.**
11. **Indicators show SWFWMD, West Florida Leaders, Tampa Bay Water, Peace River Manasota Water supply, Israel Mosaic Phosphate, Rothschild IMF World Bank, and Federal Reserve central banks hid this Resource for over 40yrs to create cancer clusters and Wars as this site shows Mankind how to find many more access points to this Underground Ocean of Unique Spring Water ready to drink right out of the Ground.**
12. **Public Service commission complaints on FPL, Duke Energy and more were filed in 2012 by others PSC Complaints 05400-13 and 02424-13 with Gilberti Water supply documents attached at the same time Duke and Progress Energy were assessing \$1.5billion to clean up a STILL EMITTING Nuclear Power plant in Crystal River which are the Headwaters of Hillsborough River pumping 65MGD of Radioactive Water to the Tampa Region to fill Moffitt cancer centers and USF Cancer Grants. Very similar to Radioactive mining spill by Mosaic Phosphate during 2011 Fort Meade Case when Gilberti and Daughtrey fired Dave Weinstein of Greenberg Traurig due to conflicts as he was on that case, our lands, and we have a Phosphate mining permit and a deep Floridan well, the two essentials for a Fertilizer plant. Now Desoto where Peace River Water plant is working Horse Prairie which was traded as a settlement in the Fort Meade Case. Mosaic was after our site timed with their RV Griffin improvements! They would have never opened it; they would just sell medicine and create more cancer centers with Medicaid Fraud Gov Scott.**

Administrative Law Judge J. Lawrence Johnston will conduct a hearing to consider the environmental effects and any other appropriate matters regarding whether to approve the site certification of the proposed Progress Energy Florida, Levy Nuclear Plant Units 1 and 2, application for site certification number PA08-51, DOAH Case number 08-2727EPP, DEP Office of General Counsel Case Number 08-1621, pursuant to the Florida Electrical Power Plant Siting Act, Sections 403.501-.518, Florida Statutes. ...

13. The Administrative Law Judge can order (daily) multiple lab tests and verify the resource with our experts, such as Jim Murray in Palm Beach Florida of AMPS Aquifer maintenance who performed a DTH video showing higher benefits as we drill deeper.
14. After this discovery of a massive underground ocean from a Meteor impact crater verified by Oil consultants, suddenly Tampa Dist 13 kidnapped engineer Gilberti for 300days on Boston Marathon explosion day 4-15-2013 after sending a Jog email of Leaders and FDEP with Hershel Vineyard of Foley Lardner and Gov Rick Scott running in a Torch run 5hrs earlier on file in Tampa and Sarasota Courts. See LandTech Design Group vs 72 Partners Inc. All in an effort to hide this Secret Underground Ocean from THE PEOPLE and their home taps and tax Americans with unnecessary Reservoirs to sell medicine as Tap Water is based on Cancer Rates. Alkaline Natural Spring water with lower water bills eliminates the need for Rivers, Reservoirs and huge lawsuits and loafing like this case at hand.

Rob Stampe is being deposed who worked on Gilberti plans married into the Sam Walton family (Wal-Mart) and is taking pictures with Gov Scott two different times to testify on all said issues of Corruption against THE US PEOPLE on this Water Supply!

Declaration of policy intent.

403.851 Declaration of policy, intent.—It is the policy of the state that the citizens of Florida shall be assured of the availability of safe drinking water. Recognizing that this policy encompasses both environmental and public health aspects, it is the intent of the Legislature to provide a water supply program operated jointly by the department, in a lead-agency role of primary responsibility for the program, and by the Department of Health and its units, including county health departments, in a supportive role with specific duties and responsibilities of its own. Without any relinquishment of Florida's sovereign powers and responsibilities to provide for the public health, public safety, and public welfare of the people of Florida, the Legislature intends:

- (1) To give effect to Pub. L. No. 93-523 promulgated under the commerce clause of the United States Constitution, to the extent that interstate commerce is directly affected.
- (2) To encourage cooperation between federal, state, and local agencies, not only in their enforcement role, but also in their service and assistance roles to city and county elected bodies.
- (3) To provide for safe drinking water at all times throughout the state, with due regard for economic factors and efficiency in government.

History.—a. 2, ch. 77-337; a. 162, ch. 79-400; a. 425, ch. 94-356; a. 164, ch. 99-8.

16. Background on Natural Alkaline spring water to the Region and cancer rates shown by Nobel Peace prize winner Dr. Otto Warburg in 1931. It's trivial to anyone; including children that Alkaline filtered spring water not exposed to Pollution and Hurricanes is FAR healthier and safer than Peace River and these Treated Water supply plants. They lie about Water Resources, their capacity and build falsified Caution area maps when there are ENDLESS rivers of Alkaline spring water deeper below.

The Warburg hypothesis (/ˈvɑːrbʊərg/), sometimes known as the Warburg theory of cancer, postulates that the driver of tumorigenesis is an insufficient cellular respiration caused by insult to mitochondria.^[1] The term Warburg effect in oncology describes the observation that cancer cells, and many cells grown in vitro, exhibit glucose fermentation even when enough oxygen is present to properly respire. In other words, instead of fully respiring in the presence of adequate oxygen, cancer cells ferment. The Warburg hypothesis was that the Warburg effect was the root cause of cancer. The current popular opinion is that cancer cells ferment glucose while keeping up the same level of respiration that was present before the process of carcinogenesis, and thus the Warburg effect would be defined as the observation that cancer cells exhibit glycolysis with lactate production and mitochondrial respiration even in the presence of oxygen.^[2]

Hypothesis[edit]

Warburg's hypothesis was postulated by the Nobel laureate Otto Heinrich Warburg in 1924.^[3] He hypothesized that cancer, malignant growth, and tumor growth are caused by the fact that tumor cells mainly generate energy (as e.g., adenosine triphosphate / ATP) by non-oxidative breakdown of glucose (a process called glycolysis). This is in contrast to healthy cells which mainly generate energy from oxidative breakdown of pyruvate. Pyruvate is an end-product of glycolysis, and is oxidized within the mitochondria. Hence, according to Warburg, carcinogenesis stems from the lowering of mitochondrial respiration. Warburg regarded the fundamental difference between normal and cancerous cells to be the ratio of glycolysis to respiration; this observation is also known as the Warburg effect.

Cancer is caused by mutations and altered gene expression, in a process called malignant transformation, resulting in an uncontrolled growth of cells.^{[4][5]} The metabolic difference observed by Warburg adapts cancer cells to the hypoxic (oxygen-deficient) conditions inside solid tumors, and results largely from the same mutations in oncogenes and tumor suppressor genes that cause the other abnormal characteristics of cancer cells.^[6] Therefore, the metabolic change observed by Warburg is not so much the cause of cancer, as he claimed, but rather, it is one of the characteristic effects of cancer-causing mutations.

Warburg articulated his hypothesis in a paper entitled The Prime Cause and Prevention of Cancer which he presented in lecture at the meeting of the Nobel-Laureates on June 30, 1966 at Lindau, Lake Constance, Germany. In this speech, Warburg presented additional evidence supporting his theory that the elevated anaerobiosis seen in cancer cells was a consequence of damaged or insufficient respiration. Put in his own words, "the prime cause of cancer is the replacement of the respiration of oxygen in normal body cells by a fermentation of sugar."^[7]

The body often kills damaged cells by apoptosis, a mechanism of self-destruction that involves mitochondria, but this mechanism fails in cancer cells where the mitochondria are shut down. The reactivation of mitochondria in cancer cells restarts their apoptosis program.^[8]

1969 Floridan Well (Earth Coring) dug 1509' deep accessing Oceans beneath the Earth located at my Land at 9438 Daughtrey Road, Sarasota Florida 34266. This Well was hidden and in permit files for SWFWMD for decades

25. Plaintiff found the secret underground resource and started whistleblowing and permitting the pipeline, resource and project, suddenly falsified threats by attorneys and police started with cyberstalking arrest tied to Greenberg Traurig Law, Dave Weinstein, chief council for Mosaic Phosphate next door in the Phosphate district. Mr. Weinstein was fired from the project due to conflict cases with Mosaic, Sierra vs Fort Meade, 11th District courts and Sarasota courts due to the resource and phosphate mining permits owned by THE ENGINEER and political mining compacts in west Florida.

26. Plaintiff was illegally subdued with bond hikes using new cyberstalking laws, timed with civil and county and court circuits away to stop the exposure and permitting.

27. Plaintiff as a Professional Licensed Civil engineer permitted the resource and pipeline connections adjacent to a 5 County regional Water Supply infrastructure while whistleblowing the location, characteristics of the underground river and its ability to produce

speech should be afforded special protections. One such case is Cantwell v. Connecticut, 310 U.S. 298 (1943). First Amendment jurisprudence has time and time again demonstrated that political and religious standards of good taste. United States v. Stevens, 130 S.Ct. 1577, 1585 (2010). jurisdiction. Therefore, Plaintiff is exercising his constitutional right to petition the government officials of an illegal political conspiracy, and persuading them to enforce laws within their recipients- many of which were public officials-with the specific goal of informing these Water Wars. This effort was intended for a vast investigation to avoid emails to select unique spring water to over 10million taps from West Florida to South Florida, solving Florida

U.S. 296, 310 (1940), in which the U.S. Supreme Court overturned the conviction of three individuals for passing out religious leaflets in violation of a Connecticut statute that made it a crime to solicit and breach the peace:

In the realm of religious faith, and that of political belief, sharp differences arise. In both fields the tents of one man may seem the rankest error to his neighbor. To persuade others to his own point of view, the leader, as we know, at times, resorts to exaggeration, to vilification of men who have been, or are, prominent in church or state, and even to false statement. But the people of this nation have ordained in the light of history, that, in spite of the probability of excesses and abuses, these liberties are, in the long view, essential to enlightened opinion and right conduct on the part of the citizens of a democracy.

30. The Supreme Court has consistently classified emotionally distressing or outrageous speech as protected, especially when that speech touches on matters of political, religious or public concern. The Supreme Court has said that this is because "in public debate our own citizens must tolerate insulting, and even outrageous, speech in order to provide adequate breathing space to the freedoms protected by the First Amendment." Boos v. Barry, 485 U.S. 312, 322 (1988). Emotionally distressing speech will be entitled to special protection under the First Amendment, when expressed at a public place on a matter of public concern; such speech cannot be restricted simply because it is upsetting or arouses contempt. Snyder v. Phelps, 131 S.Ct. 1207, 1219 (2011).

31. Uncomfortable expression touching on political or religious matters sent through email is equally protected under the First Amendment as there is "no basis for qualifying the level of First Amendment scrutiny that should be applied to online speech." Reno v. Am. Civil Liberties Union, 521 U.S. 844, 870 (1997). Despite the challenges of applying the Constitution to ever-advancing technology, basic principles of freedom of speech and press, like the First Amendment's command, do not vary when a new and different medium for communication appears." Brown v. Entm't Merch. Ass'n, 131 S.Ct. 2729, 2733 (2011). Plaintiff was exposing

the hidden US Resource with a mass addy technique using select agency and local influence, since Plaintiff knows who is supposed to utilize a resource of regional or even Global Health importance.

32. The fundamental importance of the free flow of ideas and opinions on matters of public concern is the core of the First Amendment protections, even where speech includes vehement caustic and sometimes unpleasantly sharp attacks. New York Times Co. v. Sullivan, 376 U.S. 254, 271 (1964). Surely, the government's interest in preventing the use of electronic communications to inflict emotional distress would still undoubtedly be furthered even if some State statute did not apply to the type of discourse the Plaintiff may or may not of engaged in-political speech on matters of public concern, aimed at alerting government officials, and exposing wrongdoers.

COUNT II- FRAUD ON COURTS ALLEGATIONS

33. Defendants worked between Judicial circuits in a select Enterprise of Judges, civil servants to time dockets on both illegal civil foreclosure cases and criminal cases, in an effort to subdue THE ENGINEER in Hillsborough County courts and expedite illegal trials to steal the land and hide the secret underground critical health resource.

34. Below is a copy of email correspondence proving THE ENGINEER was setup and kidnapped by Hillsborough County District 13 staff (with help of Lee County and Sarasota County Dist 12 and 20, as well as Broward County District 17) where Public Defender Chris Shaw, the entire State Attorneys office, Mark Ober, Andrew Warren, Pam Bondi and Judges during the 2016 Election pulled a fake arrest to subdue THE ENGINEER when land cases were up in Middle District, 11th District Court of Appeals, and Sarasota Courts.

35. The Enterprise worked with Cops, Media, Pulse Bar, Commissioners, Hospital boards and these lawyers, Judges and police to attack America. They filled out fake AR-15 death threats on Pulse bar week. Chris Shaw was the Public Defender for the Plaintiff for the

Boston Bomb bond hike on April 15, 2013 for Mosaic chief council case with Dave Weinstein at Greenberg Traurig disappeared two day before trial.

36. Attorney Chris Shaw is an arch Criminal with the Enterprise and Judges on the payroll of the Enterprise in with the DEFENDANTS. See exhibit below which ties to an entire case(s) of lies to attack the Plaintiff, his land, America and kill millions with Cancer Rates at the Tap in a major Cancer cluster of America in retired West Florida.

38. A cause of action for fraud on the court may be brought at any time, and any

order, judgment or decree, obtained by fraud upon the court may be recalled and set aside at any time, whether entered in a civil or criminal case. See, **State v. Booker**, 314 So. 2d 136 (Fla. 1975).

39. Judges and attorneys are officers of the Court. A State judge is a state judicial officer, paid by the state to act impartially and lawfully. A federal judge is a federal judicial officer, paid by the federal government to act impartially and lawfully. State and federal attorneys fall into the same general category and must abide by the rules. A judge is not the court. **People v. Azjic**, 88 Ill.App.3d 477, 410 N.E.2d 626 (1980).

40. In **Bullock v. United States**, 763 F.2d 1115, 1121 (10th Cir. 1985), the court stated “Fraud upon the court is fraud which is directed to the judicial machinery itself and is not fraud between the parties or fraudulent documents, false statements or perjury...where a judge has not performed his/her judicial function — thus where the impartial functions of the court have been directly corrupted.”

41. “**Fraud upon the court**” has been defined by the 7th Circuit Court of Appeals to “embrace that species of fraud which does, or attempts to, defile the court itself, or is a fraud perpetrated by officers of the court so that the judicial machinery cannot perform in the usual manner its impartial tasks of adjudging cases that are presented for adjudication.”

42. **Kenner v C.I.R.**, 387 F.3d 689(1968); 7 **Moore’s Federal Practice**, 2d ed., p. 512, 60:23. The 7th Circuit further stated “a decision produced by fraud upon the courts not in essence a decision at all, and never becomes final.”

43. “**Fraud upon the court**” makes void the orders and judgments of that court. It is also clear and well-settled that any attempt to commit “fraud upon the court” vitiates the entire proceeding. **The People of the State of Illinois v. Fred E. Sterling**, 357 Ill.354; 192 N.E. 229 (1934) (“The maxim that fraud vitiates every transaction into which it enters applies to judgments as well as to contracts and other transactions.”); **In re Village of Willowbrook**, 37 Ill.
